After being introduced by President Beck, the Honorable Chief Justice of the Supreme Court of the State of Montana, Karla M. Gray, delivered the following address:

Speaker McGee, President Beck, members of the 57th Montana Legislature, distinguished guests, ladies and gentlemen:

As the fourteenth Chief Justice of the Montana Supreme Court, I appreciate the special privilege of addressing this joint session of the Montana Legislature and, through you, the people of Montana. We are all at a special moment in history--the beginning of not just a new century, but a new millennium--a new millennium which arrived, we might all note, without the need for a single new law or court decision: a time to carry forward the best threads from the past and to forge strong new threads to solve the challenges Montana faces; and a time to look to the future with optimism, and with a renewed commitment to providing the people of Montana all *they* deserve from all of *us* in our respective roles under the Montana Constitution. I assure you that, *like* you, Montana's judges have made this commitment.

I want to start my remarks about the state of the judiciary today by saying that the judiciary in Montana is strong, in large part because of the high quality judges and justices Montanans have elected to serve them and the truly dedicated staffs we have gathered to help us. The judiciary, at every level, is totally dedicated to providing all Montanans with the access to justice, and the administration of justice without delay, to which they are entitled by the Montana Constitution. And, because it is important for all of us to remember that my remarks are about the *judiciary*, and not just the Supreme Court, I've started a new tradition by inviting judges from the courts of limited jurisdiction and the district courts to join us here today. You'll notice I invited only a few judges from the other courts--in part because of space considerations in the chamber, but largely because of caseload and travel expense considerations. I've learned the practice in some states is to "pack the place" with robed judges for this event, but I was sure somehow that was *not* the thing to do here today!

I do want to visit with you about a number of matters this afternoon: first, the basic structure of our judiciary and the creative ways being undertaken at all levels to provide both timely and quality justice; second, the non-caseload challenges we face and what must be done to meet them; and third, one bill pending before you. I hope to be brief enough not to tax your "sitting" power!

At the first level of our *currently* 3-tiered judicial branch are the courts of limited jurisdiction--the justices of the peace, municipal court judges, and city court judges. Fifty-two women and fifty-six men currently serve as judges of these courts. They are the "front line" of Montana's courts, since they handle all civil cases involving not more

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

than \$7,000, landlord/tenant disputes, traffic offenses and misdemeanor criminal cases. Indeed, these are the only courts with which most Montanans will ever have contact, as they handle the huge majority of the court cases in our state, some 274,440 having been filed in the year 2000. We're so fortunate to have such highly trained and dedicated judges resolving the vast majority of Montanans' legal disputes.

The next level of courts is the district courts, with their 40 judges (plus the statutory water court and workers' compensation court judges). The district courts--courts of general jurisdiction--handle every imaginable type of civil case, felony criminal cases, judicial review of final administrative decisions and appeals from the courts of limited jurisdiction; there were 31,545 filings in the district courts in 2000. This year, we have a record number--at least in recent years--of newly elected district court judges and, by all appearances, they will bring the same high quality and total commitment to their jobs that our more experienced district court, water court and workers' compensation court judges have long provided to the people of Montana.

The third level in our judicial branch of government is, of course, your Supreme Court, the court about which Montanans seem to know and understand the least. We are the "end of the road," the final arbiters of questions of Montana law. We are also the final protectors of the rights and freedoms Montanans provided to *each* of us in our 1972 Constitution. Unlike the federal and most state court systems, we must accept all appeals from all the district courts across the state, from everyday divorce cases and misdemeanor DUIs to cases of enormous statewide impact. This, of course, accounts for our heavy caseload. We also have original jurisdiction over certain kinds of matters, jurisdiction we exercise sparingly. In addition, we take very seriously the important work of disciplining lawyers who violate the rules of professional conduct in dealing with their clients, and have responsibility over a variety of other boards and commissions. I could go on about our other obligations, but suffice it to say we are a very busy and uncommonly productive court, dedicated to meeting our constitutional responsibilities to the people of Montana--the people who use their courts for the very purpose for which courts exist, to solve peoples' legal disputes--in a quality and timely way.

Perhaps even more important for you to know than this basic information about our courts, though, is what judges at all levels are doing to provide creative and/or more expeditious resolutions of cases and to be involved in their communities. There are scores of examples, but I'll give you just a few. One justice of the peace was instrumental in starting a mediation program for cases in his court, with *volunteer* mediators from the community and at no cost to the parties. The program has been a spectacular success, with between 60 and 70% of the cases in mediation being resolved there. The same judge went to a middle school, visited with the students about the need to make wise choices at all stages of life, and then conducted a formal sentencing--with all the trappings--of a youth who clearly had *not* made wise choices. I'm sure that visit had profoundly positive impacts on the young folks.

Our district court judges have become adept at using small amounts of locally available funds and obtaining grant monies to pilot innovative programs, especially those involving our youth. The District Court serving Richland, Dawson, McCone, Prairie and Wibaux Counties has implemented a "Youths Serving Communities" program which places juvenile offenders with tobacco, alcohol or gambling-related offenses into supervised community service. The program makes immediate consequences and accountability available in dealing with juvenile offenders and provides an honorable way for youths to pay for their mistakes. The same court established a youth offender and victim mediation program which brings offender and victim together to identify the harm to the victim, allow the offender to take responsibility for that hurt or harm and establish what the offender will do to "restore" the victim.

The District Court in Phillips County has expanded its court-appointed special advocate and guardian ad litem program (the CASA/GAL program) beyond child abuse and neglect cases to domestic relations cases involving children, relying entirely on volunteers. These CASA/GAL programs, which allow children's voices to be heard in the courtroom in the communities where they operate, are enormously helpful to the children, and also to judges in making appropriate decisions regarding children. The Yellowstone County District Court continues its long-successful Conference Committee which, with trained lay volunteers, decides the disposition of many youth offender

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

cases and has collected over \$250,000 in restitution during its history. Several district courts have initiated youth drug courts which, although resource-intensive for all involved, more successfully address the youth's drug problem and result in more responsible and productive lives. Similarly, the Gallatin County District Court is in the second year of its successful Treatment Court, which is a drug court for adult offenders.

The Supreme Court has improved efficiency by starting a mediation process on appeal which resolves nearly 10% of our caseload, and by tightening up on the length of lawyers' briefs and on granting motions for extensions of time. And as we move into the future, it is clear that courts at all levels can and must do better at harnessing technology to help us move cases more quickly.

Our job at the Supreme Court is much broader than deciding cases, however. We are responsible for the overall administration of justice in Montana and for ensuring that all Montanans have access to justice and are treated fairly once in the courts. We tend that responsibility very seriously indeed. Last year, we created a Commission to Eliminate Gender Bias in the Courts, as a follow-up to the Final Report from our Gender Fairness Task Force which demonstrated bias against *both* women and men in certain aspects of the court system, and made recommendations for minimizing or eliminating that bias. The newly established Commission is to assist the Supreme Court in implementing those recommendations. And we will need to take the same steps in addressing any racial or ethnic bias as well, because we can't achieve equal justice under the law so long as inappropriate factors may influence decision making in any court action. We also created the Commission on Self-Represented Litigants to address the problems faced by people who can't afford a lawyer--or simply choose to proceed without one--in legal actions. These folks are involved in significantly increasing numbers of cases at all levels of Montana's courts; for example, about 23% of the Supreme Court's cases last year involved at least one unrepresented party. They need help in presenting their cases as well as possible so as to maximize their day in court and, in addressing that need, we also can decrease the problems self-represented folks can cause opposing parties and the courts themselves.

All our best efforts at better case management and innovative resolution of cases, however, can do little to meet what I think is one of the biggest challenges facing us as judges and justices: improving public trust and confidence in courts and the rule of law.

The late United States Supreme Court Justice Thurgood Marshall said, simply and profoundly, "The only real power we have as judges is the respect of the people." And that's the absolute truth. But people find it difficult to respect judges they never see, who seem isolated from the society around them and who do jobs which are little understood. As recent years have shown us, both nationally and in Montana, we clearly have much work to do in promoting public trust, and we will take up this challenge in a proactive way, especially at the Supreme Court, the part of government about which Montanans seem to know the least.

We must establish better communications and relationships with, and provide much more information to, the people we serve, and that includes all of you. As far as branch relationships go, you took the first--and much needed--step of creating the Law, Justice and Indian Affairs Committee last session and charging it as the official liaison between the legislative and judicial branches. I congratulate you on this important, future-oriented step, and look forward to working productively with the committee, as well as taking other steps to improve relationships between the branches. We all know that our system of separate but equal branches, with checks and balances on each other, creates inherent and inevitable tensions between our branches. But those tensions can be minimized if members of the judicial *and* legislative branches understand each other and our respective jobs better; keep in mind that we *each* leave *each other* some "clean up" work to do from time to time, because that's how checks and balances work; and refuse to contribute in any way to public distrust of each other, because doing so only heightens people's negative feelings about government in general.

But we also must ramp up in a major way our efforts to reconnect with the people of Montana. We must establish

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

a Court website so that Montanans everywhere can learn about their justice system at all levels, how and why cases get to the Supreme Court and what our role and the role of the rule of law are in this great state and nation. We must speak to every civic group, service club and school class which will have us on these same subjects, to provide as much basic information as we can. We must do more "road shows" to other than the major cities, so people in places like Lewistown, Havre, Miles City, Glasgow, Sidney and Glendive can see an oral argument before their Supreme Court in person, and have a chance to meet us and discover that we're just like every other Montanan--trying to do the best job we can at the particular job we do. And we must start a *dialog* with Montanans as well, through "town meeting" type settings, where the people and their judges from all levels can come together, share information *and* concerns, and brainstorm together on making justice in Montana as effective and efficient as it can possibly be. I know that if we reach out in these ways, the people of Montana will reach back, and that our success in improving public trust and confidence in the courts will hugely outstrip the effort involved. And I pledge to you that we will begin our work in these areas before this year is out.

Finally, I want to address--and strenuously encourage your support for--one bill still pending in this Legislature which will greatly benefit our *shared* constituents, *all* the people of Montana. That bill is Senator Grosfield's SB 158, which will create an intermediate appellate court. In my view, and hopefully in yours, the *need* for this bill to resolve increasing delays faced by the people of Montana in obtaining a final resolution of their legal disputes is beyond dispute.

Our caseload at the Court increased last year by nearly 20%, and our backlog of cases is now nearing 600. Some like to say that we bring this caseload on ourselves and, to a limited extent, that may be true because all changes in the law have the potential of engendering a few additional lawsuits; of course, the converse is also true--changes in the law also *prevent* some lawsuits. But many factors go into our caseload, including actions taken by this body; and perhaps the easiest example of that is your decision to create felony DUIs. It was clearly a good public policy decision for Montana. But that one legislative action has resulted in scores of *misdemeanor* DUIs being appealed to our Court each year, because drinkers who drive can easily see what their future will hold as each misdemeanor conviction is added to their record. And population increases and the simple fact that we live in an increasingly litigious society also factor into our caseload.

But the critical focus is not *why* our caseload has increased. The critical focus is that it *has* increased, and it is the people of Montana who are paying the price, by ever-lengthening delays in the final resolution of their cases at our Court. Because the simple fact is that the Court not only can't keep up, we're falling farther and farther behind in our ability to provide Montanans with both the access to justice and the timely administration of justice they are guaranteed by the Montana Constitution. SB 158 passed the Senate 46 to 2, and I believe the merits of, and need for, the appellate court nearly sell themselves.

But yes, there is a fiscal impact. And yes, I remain as thankful as I was during the years I lobbied this body that it is not *my* job to balance the budget, especially during times like these. But the overall fiscal impact of SB 158 on the state's budget is, I suggest, *very* small when measured against the fact that, by creating this appeals court during *this* Legislature, *you* can provide *us* with the ability to preserve and protect Montanans' constitutional right to the administration of justice without delay. I respectfully urge you to pass SB 158 for the people of Montana.

In closing, I'd just say that *I* am proud, and you and the people of Montana have every right to be proud, of the quality of justice the Montana judiciary--and its excellent staff--provides. We are, and will remain, committed to meeting the challenges of providing justice in an accessible, fair, timely and cost-effective way for the people of Montana--with the hope that, during this new century, we can finally achieve the long-sought constitutional ideal of equal justice under the law.

Thank you again for this opportunity to visit about the state of the judiciary, and best wishes from our branch to

(2) The provisions of subsection (1) do not apply to the Montana university system.

NEW SECTION. **Section 1. The department shall report to the legislative finance committee and the children, families, health, and human services interim committee at every meeting of each committee:

- (1) the actual amount of federal temporary assistance for needy families (TANF) block grant funds expended in the current biennium;
- (2) the actual amount of TANF block grant maintenance of effort funds that have been expended in the current biennium;
- (3) the balance of previous fiscal years' TANF block grant funds that remain unexpended; and
- (4) the balance of the current fiscal year federal TANF block grant funds that remain unexpended.

The department shall use unexpended previous year federal TANF block grant funds to provide benefits and services that meet the federal definition of assistance. Current year federal TANF block grant funds must be used to fund benefits and services that meet the federal definition of assistance only after all available previous years' federal TANF block grant funds have been expended.

If the TANF block grant funds report given at the March 2002 legislative finance committee meeting indicates that there are FAIM phase II R dollars unexpended and no plan is in place to expend the remaining dollars, there is appropriated up to \$1.5 million of these unexpended funds for the summer youth employment program in the 2003 biennium.

Funds included in items 1b and 1e may be used only to fund tribal projects and to provide nontraditional job training to enrolled members of the seven Montana tribes and to the Little Shell band of Chippewa if the Little Shell band of Chippewa becomes a federally recognized tribe.

The department shall transfer funds in item 1l to the Montana board of housing revolving loan account to fund eligible activities under the federal TANF block grant. The timing and amount of the transfer must comply with federal regulations governing the expenditure and transfer of TANF funds.

Funds included in item 1u may be used only to develop programs for high-wage and high-skill training for single parents, persons who are economically disadvantaged, and displaced homemakers.

Funds included in item 1v may be used only to provide adult basic education services.

Funds included in item 4c may be used only to support costs for the completion of a financial institution data match.

Funds included in item 4d may be used only to support the costs incurred to complete a study of the costs of raising a child in Montana.

Item 5a must be spent on services to assist Montanans who have been exposed to asbestos. Funds in item 5a may not be expended for any other purpose.

Implementation of the resource-based relative value scale (RBRVS) provider rate system must continue to be phased in over the 2003 biennium. The department shall use funds in item 5b to raise rates paid to those current procedural terminology (CPT) codes paid the lowest percentage of medicare reimbursement that were restricted to 145% of the level of the state fiscal year 1997 reimbursement in state fiscal year 1999. The department may not change reimbursement for CPT codes, which were paid at 80% of the level of the state fiscal year 1997 reimbursement in state fiscal year 1999.

Item 5c includes funds for 3.5 FTE. Funds for the FTE may not be included in the adjusted base budget for the 2005 biennium unless federal funds or private revenue is available to fund the position.

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

Funds in item 5e may be used only to purchase equipment to transmit or to facilitate the transmission of medical images and x-rays from rural hospitals to medical specialists. The funds may be granted only to rural hospitals or groups of rural hospitals to purchase the equipment.

The department shall provide to the legislative finance committee each year of the biennium an analysis of the number of medicaid hospital projects completed and associated cost savings because of funding for claims adjudication specialists as approved by the 2001 legislature.

Item 7 includes a reduction in general fund money of \$266,059 in fiscal year 2002 and \$266,059 in fiscal year 2003. This reduction is the equivalent of a 25% reduction in fiscal 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

Item 7 includes a reduction of \$542,660 of general fund money, \$135,089 of state special revenue, and \$369,453 of federal special revenue in fiscal year 2002 and \$544,550 of general fund money, \$135,560 of state special revenue, and \$370,740 of federal special revenue in fiscal year 2003. This reduction is the equivalent of funding for 28 full-time equivalent employees. The department may reallocate this reduction in FTE and funding among divisions when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

The developmental disability program is directed to use existing general fund appropriations within the developmental disabilities program budget to refinance services, if possible. General fund money made available through refinancing efforts may be used to:

- (1) reduce the developmental disability program waiting list;
- (2) improve wages paid by community providers to direct care workers;
- (3) provide a provider rate increase to community services providers; and
- (4) fund existing plans of care for individuals waiting for residential services.

The developmental disabilities program will report to the legislative fiscal division semiannually in January and July:

- (1) the amount of general fund money that was made available through refinancing efforts;
- (2) the amount, scope, and nature of services provided by funds made available through refinancing;
- (3) the number of consumers, providers, and direct care worker staff benefiting from initiatives funded through refinancing efforts; and
- (4) the amount of additional state special and federal funds obtained through refinancing efforts.

Item 8 includes \$3,098,317 in general fund money and \$2,997,541 in federal funds to begin equalization of wages paid to direct care workers employed by developmental disability community providers with direct care worker wages paid to employees at Eastmont human services center and the Montana developmental center.

Included in item 8b is general fund money of \$1,400,277 in fiscal year 2002 and \$1,400,224 in fiscal year 2003. This funding is one time only. The disability services division is directed to use this funding to move at least 32 individuals from institutional settings to community settings. The combined population at the two institutions (Eastmont human services center and Montana developmental center) may not exceed 88 individuals at the end of the 2003 biennium. If the disability services division has a population of more than 88 individuals at the two institutions at the end of the 2003 biennium, the division shall certify that a community residential setting was not available for the individuals remaining in the two institutions.

Funds in item 9a may be used only to make one-time payments to nursing homes based on the number of medicaid services provided. State special revenue in item 9a may be expended only after the office of budget and program planning has certified that the department has received \$2 million each year from counties participating in the intergovernmental transfer program for nursing homes.

The department shall distribute funds in item 9c in a way that provides reasonable assurance that the funds are used solely for direct care wage and benefit

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

increases. Not all providers or types of direct care workers must receive the same rate increase for the biennium. Funds appropriated in item 9c may be used only for direct care worker wage increases. Funds in item 9c may not be used to fund other programs. In the event that the department finds it necessary to institute program reductions, it is the intent of the legislature that funds in item 9c be the last item eliminated.

The senior and long-term care division is authorized to pursue up to \$2 million in federal special revenue in item 9d over the biennium to enhance or improve division services or programs. This additional federal special revenue may be expended by the division on services as long as those actions do not require or commit the state to additional general fund expenditures beyond the amount appropriated for the 2003 biennium by the legislature to the division in [this act].

The department shall post on the senior and long-term care division website the staffing levels provided in Montana nursing facilities.

The department shall require that area agencies on aging provide a written assessment of the need for increased funding in their nutrition programs prior to expending the additional Title III of the Older Americans Act of 1965 grant funds appropriated in [this act].

The appropriation in item 10 is contingent on the department developing a management plan to:

(1) ensure that the department staff tracking the census of residential treatment of children in Montana communicate in-state service availability to appropriate staff; and

(2) negotiate or issue requests for proposals in compliance with 52-2-306 and 52-2-307 for placement of children with in-state providers in lieu of placing the child in out-of-state treatment. The department shall submit the plan to the children, families, health, and human services interim committee and the legislative finance committee by July 1, 2001.

Item 10 is contingent on the department maintaining \$3,539,842 of federal block grant contracts to state-approved chemical dependency programs for treatment and rehabilitation each year of the 2003 biennium.

Funds in item 10a must be used to fund services at Montana state hospital or community services for persons who are eligible for services at Montana state hospital. The funds may not be used for any other purpose.

Funds in item 10b must be used to fund mental health services for low-income children. Funds in item 10b may not be used for any other purpose or transferred to any other program.

Funds in item 10d must be used to contract with the Montana consensus council.

Funds in item 10e must be used to pay one-time grants to county-funded mental health medicaid service providers. Funds in item 10e may not be used for any other purpose or transferred to any other program.

Funds in item 10g must be used for:

(1) activities related to training and educating law enforcement personnel, judicial personnel, and persons instrumental to the commitment process in recognizing serious mental illness and appropriate approaches to and treatment for persons who exhibit symptoms of mental illness; and

(2) development of screening tools to help identify whether a person may be mentally ill.

The appropriations for legislative contract authority are subject to all of the following provisions:

(1) Legislative contract authority applies only to federal funds.

(2) Legislative contract authority expenditures must be reported on the state's accounting system, and the records must be separate from present law operations. In preparing the 2005 biennium budget for legislative consideration, the office of budget and program planning may not include the expenditures from this item in the present law base.

(3) A report must be submitted by the department to the legislative fiscal division following the end of each fiscal year of the biennium. The report must include a list of projects with the related amount of expenditures and FTE for each project.

The department is to report to the natural resources and commerce appropriations subcommittee on the projects funded with federal Sikes Act money and state matching money. The report is to include an analysis of the viability for continuance of the program and a list of projects funded with the money.

If the department is required to adjust personal services expenditure costs between state and federal accounts, the approving authority shall adjust the state special revenue appropriation and the federal appropriation by like amounts. All transfers between fund types must be fully explained and justified on budget documents submitted to the office of budget and program planning.

The department shall determine and quantify any efficiencies generated as a result of incorporating the Smith River drawing process into the automated license system and report its findings to the 2003 legislature.

Item 1b legislative contract authority (LCA) is subject to all LCA provisions stated in the agency's language. LCA is restricted and a one-time-only item in [this act] and must be requested as a new proposal to be continued into the 2003 biennium. LCA applies only to federal funds.

Item 2b LCA is subject to all LCA provisions stated in the agency's language. LCA is restricted and a one-time-only item in [this act] and must be requested as a new proposal to be continued into the 2003 biennium. LCA applies only to federal funds.

Item 3 includes \$19,726 in state special revenue funds each fiscal year and \$59,178 in federal special revenue funds each fiscal year that are restricted to equipment purchases in the fisheries division and payouts of leave accruals because of retirements in the fisheries division.

If House Bill No. 292 is passed and approved, item 3a is void.

Item 3c LCA is subject to all LCA provisions stated in the agency's language. LCA is restricted and a one-time-only item in [this act] and must be requested as a new proposal to be continued into the 2003 biennium. LCA applies only to federal funds.

Item 4 includes a reduction in general fund money of \$18,339 in fiscal year 2002 and \$18,339 in fiscal year 2003. This reduction is the equivalent of a 25% reduction in fiscal year 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

Item 4a contains a biennial appropriation of \$96,000 for game farm environmental assessment/environmental impact statements.

Item 4b LCA is subject to all LCA provisions stated in the agency's language. LCA is restricted and a one-time-only item in [this act] and must be requested as a new proposal to be continued into the 2003 biennium. LCA applies only to federal funds.

The appropriations for legislative contract authority are subject to all of the following provisions:

- (1) Legislative contract authority applies only to federal and private funds.
- (2) Legislative contract authority expenditures must be reported on the state accounting records and kept separate from present law operations. In preparing the 2005 biennium executive budget, the office of budget and program planning may not include expenditures from this item in the present law base.
- (3) A report must be submitted by the department to the legislative fiscal analyst following the end of each fiscal year, listing legislative contract authority grants received and the amount of expenditures and FTE for each grant.

The legislature recognizes that the costs associated with litigation in which the legal services division is required to provide representation to the state of Montana may exceed the appropriation provided. In that event, the department will need to request a supplemental appropriation from the 2003 legislature to adequately represent the state.

The appropriation for the gambling control division contains funding for the automated accounting and reporting system (AARS). The general fund appropriation of \$380,000 in each year of the 2003 biennium reflects continuation of a 5-year general fund commitment for this project through the 2005 biennium. It is the intent of the legislature that an annual general fund commitment of \$236,250 be continued in each year of the 2007 biennium. If the long-range building program committee bill, to use intercap funding for AARS implementation, is passed by the 2001 legislature, a portion of these appropriations may be used to make debt service payments.

The department is appropriated up to \$2,800,000 for the biennium from state special revenue funds for the purchase of system interface boards to be used for the implementation of the AARS.

Item 3 includes a reduction in general fund money of \$77,142 in fiscal year 2002 and \$77,142 in fiscal year 2003. This reduction is the equivalent of a 25% reduction in fiscal year 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

There is appropriated from the highway patrol retirement clearing account for payments to the Montana highway patrol pension fund the amount required for this transfer, not to exceed \$1,500,000 for each fiscal year.

Item 9 includes a reduction of \$132,628 of general fund money, \$118,831 of state special revenue, \$10,236 of federal special revenue, and \$105 of proprietary fund money in fiscal year 2002 and \$133,089 of general fund money, \$119,245 of state special revenue, \$10,272 of federal special revenue, and \$105 of proprietary fund money in fiscal year 2003. This reduction is the equivalent of funding for 7 full-time equivalent employees. The department may reallocate this reduction in FTE and funding among divisions when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

General fund money up to \$51,000 for the 2003 biennium in item 10 not used for the extradition and transportation of prisoners may be used to purchase vans for county sheriffs and peace officers to transport prisoners.

The legislature recognizes that the cost for extradition and transportation of prisoners is dependent upon factors beyond the control of the agency and may exceed the appropriation provided. In that event, the agency will need to request a supplemental appropriation from the 2003 legislature to provide required extradition and transportation of prisoners.

Item 11 includes \$12,000 in general fund money for fiscal year 2002 for lab accreditation. The use of the funds for accreditation is contingent on passage of a federal requirement that a lab needs to be accredited to receive federal funds.

Items 1 through 3 and 5 through 7b are a single biennial lump-sum appropriation.

Total audit costs of the office of the commissioner of higher education are estimated to be \$35,514.

Item 1 includes a reduction in general fund money of \$16,926 in fiscal year 2002 and \$16,926 in fiscal year 2003. This reduction is the equivalent of a 25% reduction in fiscal year 2000 base budget travel expenses. The agency may reallocate this reduction in funding among programs when developing 2003 biennium operating plans.

Total Summitnet costs are estimated to be \$25,000 each year for the community colleges. The general fund appropriation for the community colleges provides 53% of the total Summitnet costs. The remaining 47% of these costs must be paid from funds other than those appropriated in item 4. Summitnet costs for each year may not exceed \$8,000 each for Dawson and Miles community colleges and \$9,000 for Flathead Valley community college.

The general fund appropriation in item 4 is calculated to fund education in the community colleges for an estimated 1,990 resident student FTE students in fiscal year 2002 and 2,011 resident student FTE students in fiscal year 2003. If total annual resident FTE student enrollment in the community colleges is greater than 1,990

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

in fiscal year 2002 and 2,011 in fiscal year 2003, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than 1,990 in fiscal year 2002 and 2,011 in fiscal year 2003, the commission of higher education shall revert \$2,686 in general fund money from the appropriation in item 4 to the state for each estimated FTE student who did not enroll.

Total audit costs are estimated to be \$64,000 for the community colleges for the biennium. The general fund appropriation for each community college provides 53% of the total audit costs in fiscal year 2002. The remaining 47% of these costs must be paid from funds other than those appropriated in item 4a. Audit costs for the biennium may not exceed \$20,000 each for Dawson and Miles community colleges and \$24,000 for Flathead Valley community college.

Item 6 includes a reduction of \$24,385 in fiscal year 2002 and \$24,470 in fiscal year 2003 of federal special revenue. Item 7 includes a reduction of \$779,826 in fiscal year 2002 and \$782,537 in fiscal year 2003 of general fund money. This reduction is the equivalent of funding for 40.75 full-time equivalent employees. The board of regents may reallocate this reduction in FTE and funding among university system units, as defined in 17-7-102(13), when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

The decision of the legislature to deny funds for initiatives or budget requests proposed by the governor and the board of regents for the 2003 biennium does not imply an intent to prohibit the board of regents from implementing those initiatives unless specifically stated otherwise in [this act].

The general fund and millage appropriation in item 7 is calculated to fund education in the 4-year units and the colleges of technology for an estimated 25,004 resident FTE students in fiscal 2002 and 25,207 resident FTE students in fiscal 2003. If actual resident student enrollment is greater than the estimated number for the biennium, the university system shall serve the additional students without a state general fund contribution. If actual resident student enrollment is less than the estimated number for the biennium, the commissioner of higher education shall revert \$1,914 in general fund money to the state for each estimated FTE student who did not enroll.

Revenue appropriated to the Montana university system units and colleges of technology includes:

- (1) state special revenue from interest earnings of \$1,913,590 each year of the 2003 biennium;
- (2) tuition revenue of \$110,388,170 in fiscal year 2002 and \$109,729,925 in fiscal year 2003; and
- (3) other revenue of \$1,013,738 each year of the 2003 biennium.

These amounts are appropriated for current unrestricted operating expenses as a biennial lump-sum appropriation and are in addition to the funds shown in item 7. Item 7 includes \$428,660 in each year of the biennium that must be transferred to the energy conservation program account and used to retire the general obligation bonds sold to fund energy improvements through the state energy conservation program. The costs of this transfer in each year of the biennium are: university of Montana-Missoula, \$201,100; Montana tech of the university of Montana, \$28,000; Montana state university-northern, \$97,000; Montana state university-Billings, \$91,800; and western Montana college of the university of Montana, \$10,760.

Item 7 includes a total of \$44,253 of general fund money for the 2003 biennium for the Montana natural resources information system (NRIS). The Montana university system shall pay an additional \$44,253 for the 2003 biennium in current funds in support of NRIS. Quarterly payments must be made upon receipt of the bills from the state library, up to the total amount appropriated.

Total audit costs are estimated to be \$681,092 for the university system other than the office of the commissioner of higher education. Each unit shall pay a percentage of these costs from funds other than those appropriated in item 7a.

Item 7b is intended by the legislature to be used to increase state support for resident student FTE at the university units each year of the 2003 biennium.

University system unit is defined in 17-7-102(13). For all university system units, except the office of the commissioner of higher education, all funds (other than plant funds appropriated in House Bills No. 5 and 14, relating to long-range building, and current unrestricted operating funds) are appropriated contingent on approval of the comprehensive program budget by the board of regents by October 1 of each year. For all university system 4-year units and colleges of technology, all funds,

HOUSE JOURNAL  
FIFTY-SIXTH LEGISLATIVE DAY - MARCH 12, 2001

other than funds appropriated in House Bills No. 5 and 14 for long-range building programs, are appropriated as a lump sum for the biennium contingent upon approval of the comprehensive program budget by the board of regents by October 1 of each year. The board of regents shall allocate the appropriations to the individual units according to board policy. The budget must contain detailed revenue and expenditure and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. After the board of regents approves operating budgets, transfers between units may be made only with the approval of the board of regents. Transfers and related justifications must be submitted to the office of budget and program planning and to the legislative fiscal analyst.

**COMMUNICATIONS AND PETITIONS**

JOINT PROCLAMATION OF THE MONTANA HOUSE OF REPRESENTATIVES AND MONTANA STATE SENATE

Recognizing the Thirtieth Birthday of Erin Patricia Billings

WHEREAS March 13, 2001 is the thirtieth birthday of Erin Patricia Billings.

WHEREAS Erin Billings still believes the state's largest city was named after her.

WHEREAS Erin Billings insists that her colleagues call her "Super Scoop."

WHEREAS Erin Billings has been a fixture of the Montana press corps, manufacturing out of thin air and her rabid imagination, news stories about the already irrational proceedings of the legislatures since 1995.

WHEREAS there is no question that nearly everyone in this body has been quoted, or misquoted, libeled, slandered or harassed by Erin Billings.

WHEREAS the state fire marshal has refused to authorize the open burning permit necessary to light all the candles on her cake.

WHEREAS Erin Billings is too old to be young but not old enough to remember ancient history when Democrats actually had political influence in the Legislature, Republicans had none, and a Democrat really knew what the inside of the governor's office looks like.

WHEREAS Erin Billings has faithfully kept confidential, countless secrets and scandals that did not prove newsworthy. (If you're wondering if this means you, then it probably does. You know who you are.)

WHEREAS most of us have dirt younger than Erin Billings.

HOUSE JOURNAL  
FIFTY-SEVENTH LEGISLATIVE DAY - MARCH 13, 2001

WHEREAS the AARP and Montana Senior Citizens Association have already made Erin Billings an honorary member and she needs your sympathy.

WHEREAS Erin Billings' tenure covering the Montana legislature will conclude with the adjournment of the 57<sup>th</sup> legislative assembly.

THEREFORE, BE IT PROCLAIMED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA THAT THE LEGISLATURE, ON BEHALF OF THE PEOPLE OF MONTANA, EXTENDS ITS BEST WISHES AND BIRTHDAY GREETINGS TO ERIN BILLINGS AND DECLARES TUESDAY, MARCH 13, 2001, ERIN PATRICIA BILLINGS DAY.

The proclamation was signed by Senate President Tom Beck, House Speaker Dan McGee, Senate Minority Leader Steve Doherty, and House Minority Leader Kim Gillan.

Sentencing of nonviolent felony offenders -- criteria -- alternatives to be considered -- court to state reasons for imprisonment.** (1) In sentencing a nonviolent felony offender, the sentencing judge shall first consider alternatives to imprisonment of the offender in a state prison, including placement of the offender in a community corrections facility or program, a prerelease center, or a prerelease program. In considering alternatives to imprisonment, the sentencing judge shall examine the sentencing criteria contained in subsection (2).

(2) Prior to sentencing a nonviolent felony offender to whom 46-18-219 does not apply to a term of imprisonment in a state prison, the sentencing judge shall take into account whether:

(a) the interests of justice and the needs of public safety truly require the level of security provided by imprisonment of the offender in a state prison;

(b) the needs of the offender can be better served in the community or in a facility or program other than a state prison;

(c) there are substantial grounds tending to excuse or justify the offense, though failing to establish a defense;

(d) the offender acted under strong provocation;

(e) the offender has made restitution or will make restitution to the victim of the offender's criminal conduct;

(f) the offender has no prior history of conviction for a criminal act or, if the offender has a prior history of conviction for a criminal act, the offender has led a law-abiding life for a substantial period of time before the commission of the present crime;

(g) the offender's criminal conduct was the result of circumstances that are unlikely to recur;

(h) the character and attitude of the offender indicate that the offender is likely to commit another crime;

HOUSE JOURNAL  
FIFTY-SEVENTH LEGISLATIVE DAY - MARCH 13, 2001

(i) if it is the offender's first or second felony offense, dependency upon drugs, alcohol, or gambling was a factor in the commission of the offense;

~~(j)~~(j) the offender is likely to respond quickly to correctional or rehabilitative treatment; and

~~(k)~~(k) imprisonment of the offender would create an excessive hardship on the offender or the offender's family.

(3) Prior to sentencing a nonviolent offender for a first or second felony offense, the judge shall determine whether dependence on drugs, alcohol, or gambling was a factor in the commission of the offense. If the judge determines that dependence was a factor, the judge shall, before imposing sentence, order the offender to complete and if able to do so pay for a treatment assessment that focuses on treatment alternatives. The sentence must provide that the offender shall comply with all recommendations contained in the treatment assessment and shall pay for the treatment if able to do so. The judge shall approve of the recommended treatment and recommended treatment provider.

~~(3)~~(4) If the judge sentences the offender to a state prison, the judge shall state the reasons why the judge did not select an alternative to imprisonment, based on the criteria contained in subsection (2)."

30,000 30,000" [General Fund FY 02 and 03]

Explanation - This amendment adds \$30,000 general fund each year (\$60,000 over the biennium) to implement the provisions of HB 528, passed by the 1999 legislature, dealing with the provision of Indian cultural education in schools. The funds would be used to develop model curriculum guides, create a web-based educational tool, and establish funding for the Montana Advisory Council for Indian Education. This increase is intended to be applied against the \$2.0 million general fund reduction across the biennium previously applied to the Crow Tribe Settlement within the Department of Natural Resources and Conservation.

An amount of state general fund money equal to two times the fiscal year 2003 appropriation from the general fund for all K-12 public education funding, plus any amount in excess of the estimated unreserved general fund balance at the end of the 2003 biennium, is reserved for the 58th legislature for the purpose of refining or replacing the current K-12 public education funding formula and structure pursuant to recommendations generated by the interim school funding study. The excess estimated unreserved general fund balance is the difference between the projected reserved ending general fund balance at the end of the 2003 biennium as reported in the 2005 biennium Legislative Budget Analysis Report and the projected balance in the Legislative Fiscal Report prepared at the end of the 2001 legislative session. **SPECIAL ORDERS OF THE DAY**

Sergeant-at-Arms Ahner escorted the Senate negotiation team into the House Chambers.

Senator Grosfield challenged the House to match or beat the Senate's contribution to the Big Brothers and Big Sisters organization. The House "graciously" accepted the challenge to collect money, and did, in fact, beat the amount collected by the Senate. Negotiations for the remainder of the "missing" items from both houses were carried out to the satisfaction of both parties. Trophies were given to the Senate as the winners of the first half of the Senate/House basketball game, and to the House for the second half of the game, with the House basketball team receiving the rightful "game" trophy back along with the other confiscated items.

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate for each bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by the district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

**"53-2-612. Lien of department or county upon third-party recoveries.** (1) Upon notice by the department, a county, or the recipient to a third party or the third party's insurer as provided in subsection (5)(b), the department or county has a lien upon all money paid by a third party or the third party's insurer in satisfaction of a judgment or settlement arising from a recipient's claim for damages or compensation for personal injury, disease, illness, or disability to the extent that the department or county has paid medical assistance on behalf of the recipient for the same personal injury, disease, illness, or disability.

(2) The department or county may, in the name of the recipient on whose behalf medical assistance has been paid by the department or county, commence and prosecute to final conclusion any action that may be necessary to recover from a third party or the third party's insurer compensation or damages for medical assistance paid by the department or county on behalf of the recipient. This section does not affect the right of the recipient to initiate and prosecute to final conclusion an action for damages or compensation in the recipient's own name in accordance with the provisions of this section.

(3) (a) The lien:

(i) applies to all money paid by a third party or a third party's insurer regardless of whether the recovery is allocated by the parties or a court to any particular type or element of damages; and

(ii) is subordinate to the lien of an attorney under 37-61-420.

(b) Unless specifically provided by law, the recipient's right to recover damages or compensation from a third party or a third party's insurer may not be reduced or denied on the ground that the recipient's costs of medical treatment and medical-related services have been paid by the department or county under any public assistance program.

(c) From the amount collected by the department, county, or recipient from legal proceedings or as a result of settlement, reasonable attorney fees and costs must be first deducted and paid. Unless the department or county and the recipient agree to a different settlement, the amount previously paid as medical assistance by the department or county, less a pro rata share of attorney fees and costs, must be deducted next and paid to the department or county. The remainder, if any, must be paid to the recipient.

(d) In all cases of payment to the department or county out of an amount collected from a third party or

HOUSE JOURNAL  
SIXTY-FOURTH LEGISLATIVE DAY - MARCH 21, 2001

insurer on a recipient's claim, the amount of the lien must be reduced by a pro rata share of attorney fees and costs as provided in subsection (3)(c), but the department or county may not be required to participate in payment of attorney fees and costs unless the recipient's claim results in recovery out of which the department or county receives full or partial payment of its lien.

(e) Except as provided in subsections (3)(e)(i) and (3)(e)(ii), the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

(i) The department may impose a lien under this section upon a self-sufficiency trust or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, if the department is required by federal law to recover or collect from the trust or its assets as a condition of receiving federal financial participation for the medicaid program.

(ii) To the extent otherwise permitted by this section, the department is not precluded from asserting a claim or imposing a lien upon real or personal property prior to transfer of the property to the trust. If the department imposes a lien upon property prior to transfer to a self-sufficiency trust, any transfer of the property to the trust is subject to the lien.

(4) (a) A recipient of medical assistance or the recipient's legal representative shall notify the department or county by certified letter within 30 days if the recipient or the recipient's legal representative asserts a claim against a third party or a third party's insurer for damages or compensation for a personal injury, disease, illness, or disability for which the department or county paid medical assistance in whole or in part or for which the recipient has applied for medical assistance. The notice must be mailed to the director of the department or the director of the county department that paid medical assistance. At the same time, a copy must be sent by certified mail to the third party or the third party's insurer.

(b) The notice must contain the following information:

- (i) the name and address of the recipient and the recipient's legal representative, if any;
- (ii) the name and address of the third party alleged to be liable to the recipient;
- (iii) the name and address of any known insurer of the third party; and
- (iv) the judicial district and docket number of any action filed.

(c) A recipient or the recipient's legal representative who has received actual notice that the department or county has paid medical assistance is liable to the department or county for the amount it is entitled to receive under this section if:

(i) the recipient or the recipient's legal representative fails to timely notify the department or county or fails to mail a copy of the notice to the third party or the third party's insurer; and

(ii) a third party or the third party's insurer that did not receive notice from the department or county as provided for in subsection (5)(b) pays the recipient or the recipient's legal representative without satisfying any lien of the department or county.

(5) (a) If a third party or the third party's insurer that has received notice of the department's or county's lien as provided for in subsection (5)(b) makes payment in whole or in part of the recipient's claim without first satisfying the lien of the department or county, the third party or the third party's insurer is liable to the department or county for the amount the department or county is entitled to receive under this section.

(b) For the purposes of subsection (5)(a), a third party or the third party's insurer has been given notice if:

- (i) the department or county mails, by certified mail, to the third party or the third party's insurer:
  - (A) a statement of the medical assistance paid or that may be paid by the department or county on behalf of the recipient; and
  - (B) a claim for reimbursement;
- (ii) the recipient or the recipient's legal representative mails, by certified mail, to the third party or the third party's insurer:
  - (A) a copy of the notice required by subsection (4)(a); or
  - (B) a statement stating that the recipient has applied for or has received medical assistance from the department or county in connection with the same claim; or

HOUSE JOURNAL  
SIXTY-FOURTH LEGISLATIVE DAY - MARCH 21, 2001

(iii) the recipient or the recipient's legal representative has commenced an action against the third party or the third party's insurer for damages or compensation for personal injury, disease, illness, or disability for which the department or county has paid or may pay medical assistance, in whole or in part, and the department or county files in the court in which the action is pending a notice of lien stating that a lien is claimed for medical assistance on any money paid in satisfaction of any judgment in or settlement of the action and that:

(A) medical assistance in a stated amount has been paid by the department or county on behalf of the recipient; or

(B) medical assistance may be paid on behalf of the recipient.

(6) As used in this section, the following definitions apply:

(a) "County" means a county ~~department of welfare in a county that has not transferred its public assistance responsibilities to the state under the provisions of Title 53, chapter 2, part 8~~ provided medical assistance to a recipient through an indigent assistance program operated at the option of the county.

(b) "Legal representative" means an attorney having or exercising authority on behalf of a recipient with respect to a claim or action to recover damages or compensation from a third party or a third party's insurer.

(c) "Recipient" means a person on whose behalf the department or a county has paid or may pay medical assistance for the cost of medical treatment and medical-related services for personal injury, disease, illness, or disability. If the context allows, the term includes a recipient's legal representative.

(d) "Third party" means an individual, institution, corporation, or public or private agency that is or may be liable to pay all or part of the cost of medical treatment and medical-related services for personal injury, disease, illness, or disability of a recipient of medical assistance from the department or a county and includes but is not limited to insurers, health service organizations, and parties liable or who may be liable in tort.""

SIXTY-SIXTH LEGISLATIVE DAY - MARCH 23, 2001

(3) Whenever a security interest or lien is filed against a motor vehicle that is subject to two security interests previously perfected under this section, the department shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Department of Justice." Other information regarding the additional security interests need not be endorsed on the certificate.

(4) Satisfactions or statements of release filed with the department under this chapter must be retained by it for a period of 8 years after receipt, after which they may be destroyed.

(5) Except as provided in 61-3-109 and subsection (6) of this section, a voluntary security interest or lien is perfected on the date that the lien notice and the certificate of ownership or manufacturer's statement of origin are delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(6) Except as provided in 61-3-109, voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date that the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department. On that date, the department shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date that the lien notice is delivered to the department, of the existence of the security interest.

(7) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles, all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable except that deposits must be made with the department.

(8) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment is required to pay the department the sum of \$1 for each day that the person fails to file the satisfaction.

(9) Upon receipt of notice of any involuntary liens or attachments against the record of any motor vehicle registered in this state, the department shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of the owner, conditional sale vendor, or mortgagees a notice showing the name and address of the lien claimant, the amount of the lien, the date of execution of the lien, and, in the case of attachment, the full title of the court and the action and the names of the attorneys for the plaintiff and attaching creditor.

(10) It is not necessary to refile with the department any instruments on file in the offices of the county clerk and recorders at the time that this law takes effect.

(11) A fee of ~~\$4~~ \$8 must be paid to the department to file any security interest or other lien against a motor vehicle. The ~~\$4~~ \$8 fee includes the cost of filing a satisfaction or release of the security interest and also the cost of entering the satisfaction or release on the records of the department and of deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of \$4 must be paid to the department for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file in the office of the department or for filing an assignment of any security interest or other lien on file with the department. All fees provided for in this section must be paid to the county treasurer. Of this total fee, \$4 must be deposited for deposit in the state general fund in accordance with 15-1-504. The remaining \$4 must be forwarded to the state treasurer for deposit in the motor vehicle information technology system account provided for in [section 4]. (Terminates June 30, 2008--sec. 2, Ch. 260, L. 1999.)

**61-3-103. (Effective July 1, 2008) Filing of security interests -- perfection -- rights -- procedure -- fees.**

(1) The department may not file any voluntary security interest or lien unless it is accompanied by or specified in the application for a certificate of ownership of the vehicle encumbered. If the approved notice form is transmitted to the department, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete vehicle description, amount of lien, and is signed by the debtor. The department shall file voluntary security interests and liens by entering the name and address of the secured party upon the face of the certificate of ownership. Involuntary liens must be filed against the record of the vehicle encumbered. The department shall mail a statement certifying to the filing of a security interest or lien to the secured party. The

department shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department shall return the certificate of ownership to the county treasurer where the vehicle is to be registered. The owner of a motor vehicle is the person entitled to operate and possess the motor vehicle.

(2) A security interest in a motor vehicle held as inventory by a dealer licensed under chapter 4 of this title must be perfected in accordance with Title 30, chapter 9.

(3) Whenever a security interest or lien is filed against a motor vehicle that is subject to two security interests previously perfected under this section, the department shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Department of Justice." Other information regarding the additional security interests need not be endorsed on the certificate.

(4) Satisfactions or statements of release filed with the department under this chapter must be retained by it for a period of 8 years after receipt, after which they may be destroyed.

(5) Except as provided in subsection (6), a voluntary security interest or lien is perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(6) Voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department. On that date, the department shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date the lien notice is delivered to the department, of the existence of the security interest.

(7) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable except that deposits must be made with the department.

(8) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract within 15 days after receiving final payment is required to pay the department the sum of \$1 for each day that the person fails to file such satisfaction.

(9) Upon receipt of notice of any involuntary liens or attachments against the record of any motor vehicle registered in this state, the department shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of any owner, conditional sale vendor, or mortgagees a notice showing the name and address of the lien claimant, amount of the lien, date of execution of lien, and in the case of attachment the full title of the court and the action and the name of the attorneys for the plaintiff and attaching creditor.

(10) It is not necessary to refile with the department any instruments on file in the offices of the county clerk and recorders at the time this law takes effect.

(11) A fee of ~~\$4~~ **\$8** must be paid to the department to file any security interest or other lien against a motor vehicle. The ~~\$4~~ **\$8** fee must include and cover the cost of filing a satisfaction or release of the security interest and also the cost of entering the satisfaction or release on the records of the department and deleting the endorsement of the security interest from the face of the certificate of ownership. (2) In order to calculate windfall profits, each entity selling electrical energy generated in Montana shall report to the department the total income from sales of electrical energy generated in Montana. The department shall subtract from the total income the total kilowatt hours generated times the base year price. The amount determined is the tax base for the windfall profits tax. The tax base times the tax rate is the amount of windfall profits tax due to the state.

(3) The base year price is calculated as 5 cents per kilowatt hour. The department shall adjust the base year price to account for inflation by multiplying the base year price by the inflation factor for the prior year. For purposes of this subsection, "inflation factor" has the meaning provided in 15-30-101.

(4) The proceeds of the windfall profits tax must be deposited in the state special revenue account provided for in [section 2].

(5) The department may request assistance from the public service commission in analyzing data necessary to calculate the windfall profits tax."

(1) "Default supplier" has the meaning provided in 69-8-103.

(2) "Qualified facility" means an electrical generation facility owned or operated by an exempt wholesale generator or an entity certified as an exempt wholesale generator pursuant to section 32 of the Public Utility Holding Company Act of 1935, 15 U.S.C. 79z-5a."

**Insert:** "NEW SECTION. Section 6. Investment criteria. (1) The board of investments shall review applications from proposed new electrical generation facilities and existing qualified facilities for in-state investments pursuant to Title 17, chapter 6, part 3. In order to make an investment in a new electrical generation facility or an existing qualified facility, the board shall determine that:

HOUSE JOURNAL  
SIXTY-EIGHTH LEGISLATIVE DAY - MARCH 26, 2001

(a) the project promotes economic development in Montana and creates or maintains employment opportunities in Montana;

(b) the construction of the project will provide stable electrical energy rates for Montanans who rely on the default supplier for electrical energy;

(c) the project will maintain environmental quality consistent with state and federal standards; and

(d) the project possesses long-term economic prospects consistent with the obligation to provide electrical energy generation capacity and electrical energy for the term of the contracts as required in [section 7].

(2) A project selected by the board must be collateralized by payments for the sale of the electricity produced by the project to the default supplier at rates not in excess of 5 cents per kilowatt hour plus annual escalations equal to the inflation rate. A payment may be made from the assets of the state if the default supplier or its assignee fails to pay the approved project for energy delivered in order to maintain the supply of energy to Montana. The state must be a party to the contract and may bring a cause of action against the default supplier for nonpayment."

**"NEW SECTION. Section 7. Term of contract -- pledge.** (1) A project is not eligible for an investment under [section

6] unless the applicant has signed an assignable electrical energy sales agreement with the default supplier or its successor in interest for a term of not less than 15 years or more than 25 years.

HOUSE JOURNAL  
SIXTY-NINTH LEGISLATIVE DAY - MARCH 27, 2001

WHEREAS, the 1997 Legislature had no way of anticipating recent events and conditions that have produced extraordinarily high electricity prices in the Western United States, including the unwillingness of the state of California to build power plants to serve that state's surging power demands, severe drought conditions in the Northwest that have substantially reduced hydroelectric generation, and rapid increases in natural gas prices that have inflated electricity costs from gas-fired plants; and

WHEREAS, the Montana Legislature has now concluded that the Montana Public Service Commission has the authority to immediately establish a lifeline rate for that portion of generation that served large customers in Montana in 1998 and should establish just and reasonable rates to continue regulation for all customers until the Public Service Commission approves a transition plan for a public utility that has elected to file a transition plan."

**MESSAGES FROM THE GOVERNOR**

March 26, 2001

The Honorable Tom Beck  
President of the Senate  
State Capitol  
Helena, Montana 59620

The Honorable Dan McGee  
Speaker of the House  
State Capitol  
Helena, Montana 59620

Dear President Beck and Speaker McGee:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments Senate Bill 80, "**AN ACT CLARIFYING THE MANAGEMENT RESPONSIBILITIES OF THE MONTANA HERITAGE PRESERVATION AND DEVELOPMENT COMMISSION; ADDING THREE MEMBERS TO THE COMMISSION; ALLOWING FOR THE HIRING OF ADDITIONAL**

HOUSE JOURNAL  
SIXTY-NINTH LEGISLATIVE DAY - MARCH 27, 2001

**COMMISSION STAFF; ALLOWING THE COMMISSION TO CONDUCT BUILDING PRESERVATION, STABILIZATION, OR MAINTENANCE COSTING OVER \$200,000 WITHOUT LEGISLATIVE CONSENT UNDER CERTAIN CIRCUMSTANCES; PROVIDING THAT INTEREST ON MONEY IN THE MONTANA HERITAGE PRESERVATION AND DEVELOPMENT ACCOUNT BE DEPOSITED IN THE STATE SPECIAL REVENUE FUND TO THE CREDIT OF THE COMMISSION; AND AMENDING SECTIONS 22-3-1001, 22-3-1002, 22-3-1003, AND 22-3-1004, MCA" for the following reasons.**

I have no objections to the broad objectives of SB 80, nor to all but one of its specific measures. I would, however, recommend that the current language in Section 2 specifically identifying an administrative level position and designating that specific position as a member of the Montana Heritage Preservation and Development Commission be deleted and language designating the appropriate director be substituted. I have attached my amendment to that effect.

Section 2 of the bill currently names the director of the Montana Historical Society, the director of the Department of Fish, Wildlife and Parks and the "travel director of the Department of Commerce's travel promotion and development division" as the executive branch agency representatives on the Commission. The "travel director" is not actually a "director," but rather is a division administrator position serving under the director. I recommend that, for the sake of consistency and as a matter of policy, the director of the Department of Commerce be named as the third executive branch agency representative to the Commission.

The bill does not designate a specific position inside either of the other two executive branch agencies represented on the Commission, but rather makes such a designation only within the Department of Commerce. Thus, the directors of the other two agencies are left with the discretion to determine whether the directors themselves or an appropriate designee can most appropriately serve in that role. That discretion is not similarly afforded to the director of the Department of Commerce.

You can rest assured that, in any instance where directors of executive branch agencies are designated as representatives on a commission established by the legislative branch, those directors and my office will ensure that the most appropriate executive branch officials will be tasked to serve in those positions. In this particular case, there is no doubt that the representative will be either the director or another appropriate individual from within the Travel Development and Promotion Division. I firmly believe, however, that, as a matter of consistency and policy, the decision as to which specific position or individual within an executive branch agency will be tasked with such duties is more appropriately left to my office and to my cabinet officials.

Senator Mahlum, the sponsor of the bill, is aware of and agrees with this recommended amendment.

Sincerely,

JUDY MARTZ  
Governor

(1) "Abandonment of surface or underground mining" may be presumed when it is shown that continued operation will not resume.

(2) "Amendment" means a change to an approved operating or reclamation plan. A major amendment is an amendment that may significantly affect the human environment. A minor amendment is an amendment that will not significantly affect the human environment.

The term includes the area from which the overburden, tailings, waste materials, or minerals have been removed and tailings ponds, waste dumps, roads, conveyor systems, load-out facilities, leach dumps, and all similar excavations or coverings that result from the operation and that have not been previously reclaimed under the reclamation plan.

(7) "Exploration" means:

HOUSE JOURNAL  
SIXTY-NINTH LEGISLATIVE DAY - MARCH 27, 2001

(a) all activities that are conducted on or beneath the surface of lands and that result in material disturbance of the surface for the purpose of determining the presence, location, extent, depth, grade, and economic viability of mineralization in those lands, if any, other than mining for production and economic exploitation; and

(b) all roads made for the purpose of facilitating exploration, except as noted in 82-4-310.

(8) "Mineral" means any ore, rock, or substance (other than oil, gas, bentonite, clay, coal, sand, gravel, peat, soil materials, or uranium) that is taken from below the surface or from the surface of the earth for the purpose of milling, concentration, refinement, smelting, manufacturing, or other subsequent use or processing or for stockpiling for future use, refinement, or smelting.

(9) "Mining" commences when the operator first mines ores or minerals in commercial quantities for sale, beneficiation, refining, or other processing or disposition or first takes bulk samples for metallurgical testing in excess of aggregate of 10,000 short tons.

(10) "Ore processing" means milling, heap leaching, flotation, vat leaching, or other standard hard-rock mineral concentration processes.

(11) "Person" means any person, corporation, firm, association, partnership, or other legal entity engaged in exploration for or mining of minerals on or below the surface of the earth, reprocessing of tailings or waste materials, or operation of a hard-rock mill.

(14) "Reclamation plan" means the operator's written proposal, as required and approved by the department, for reclamation of the land that will be disturbed. The proposal must include, to the extent practical at the time of application for an operating permit:

(a) a statement of the proposed subsequent use of the land after reclamation;

(b) plans for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed and the proposed method of accomplishment;

(c) the manner and type of revegetation or other surface treatment of disturbed areas;

(d) procedures proposed to avoid foreseeable situations of public nuisance, endangerment of public safety, damage to human life or property, or unnecessary damage to flora and fauna in or adjacent to the area;

(e) the method of disposal of mining debris;

(f) the method of diverting surface waters around the disturbed areas when necessary to prevent pollution of those waters or unnecessary erosion;

(g) the method of reclamation of stream channels and stream banks to control erosion, siltation, and pollution;

(h) maps and other supporting documents that may be reasonably required by the department; and

(i) a time schedule for reclamation that meets the requirements of 82-4-336.

(15) (a) "Small miner" means a person, firm, or corporation that engages in mining activity that is not exempt from this part pursuant to 82-4-310, that engages in the business of reprocessing of tailings or waste materials, or, except as provided in 82-4-310, that knowingly allows other persons to engage in mining activities on land owned or controlled by the person, firm, or corporation; that does not hold an operating permit under 82-4-335 except for a permit issued under 82-4-335(2) or a permit that meets the criteria of subsection (15)(c); and that conducts:

(i) an operation that results in not more than 5 acres of the earth's surface being disturbed and unreclaimed; or

(ii) two operations that disturb and leave unreclaimed less than 5 acres for each operation if the respective mining properties are:

(A) the only operations engaged in by the person, firm, or corporation; and

(B) at least 1 mile apart at their closest point.

(b) For the purpose of this definition only, the department shall, in computing the area covered by the operation:

HOUSE JOURNAL  
SIXTY-NINTH LEGISLATIVE DAY - MARCH 27, 2001

(i) exclude access or haulage roads that are required by a local, state, or federal agency having jurisdiction over that road to be constructed to certain specifications if that public agency notifies the department in writing that it desires to have the road remain in use and will maintain it after mining ceases; and

(ii) exclude access roads for which the person, firm, or corporation submits a bond to the department in the amount of the estimated total cost of reclamation along with a description of the location of the road and the specifications to which it will be constructed.

(c) A small miner may hold an operating permit that allows disturbance of 100 acres or less. The permit may be amended to add new disturbance areas, but the total area permitted for disturbance may not exceed 100 acres at any time.

(16) "Soil materials" means earth material found in the upper soil layers that will support plant growth.

(17) (a) "Surface mining" means all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits exposed, including but not limited to open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining.

(b) Surface mining does not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, peat, soil materials, or uranium or excavation or grading conducted for onsite farming, onsite road construction, or other onsite building construction.

(18) "Underground mining" means all methods of mining other than surface mining.

(19) "Unit of surface-mined area" means that area of land and surface water included within an operating permit actually disturbed by surface mining during each 12-month period of time, beginning at the date of the issuance of the permit. The term includes the area from which overburden or minerals have been removed, the area covered by mining debris, and all additional areas used in surface mining or underground mining operations that by virtue of mining use are susceptible to erosion in excess of the surrounding undisturbed portions of land.

(20) "Vegetative cover" means the type of vegetation, grass, shrubs, trees, or any other form of natural cover considered suitable at time of reclamation.""

(3) "Tractor", as specified in this section, means any motor vehicle, except a passenger car, that is used for towing a trailer or semitrailer.

(4) If a motor vehicle, housetrailer, trailer, or semitrailer is originally registered 6 months after the time of registration as set by law, the registration or license fee for the remainder of the year is one-half of the regular fee except for trailers or semitrailers registered as provided in 61-3-721(6).

(5) An additional fee of \$5.25 a year for each registration of a vehicle, except trailers and semitrailers registered in other jurisdictions and registered through a proportional registration agreement, must be collected as a registration fee. Revenue from this fee must be forwarded by the respective county treasurers to the state treasurer for deposit in the general fund. The department shall pay an amount equal to 25 cents from each motor vehicle registration fee from the general fund to the pension trust fund for payment of supplemental benefits provided for in 19-6-709.

~~(9)~~(10) A person qualifying under 61-3-332(10)(d) or 61-3-504 is exempt from the fees required under subsections (1), ~~and~~ (5), ~~and~~ (6) of this section. (See compiler's comments for contingent termination of certain text.)"

**Insert: "Section 3.** Section 61-3-332, MCA, is amended to read:

**"61-3-332. Number plates.** (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that bears the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that bears the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that bears the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that bears the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that bears the distinctive letters "RV" or the letter "R" and the word "DEALER", and one for special license plates. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) (a) All number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For light vehicles that are permanently registered as provided in 61-3-527 or 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(3) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

HOUSE JOURNAL  
SIXTY-NINTH LEGISLATIVE DAY - MARCH 27, 2001

(6) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailer. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, national guard veterans, legion of valor members, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:

(a) (i) An active member of the Montana national guard may be issued special license plates with a design or decal displaying the letters "NG". The additional fee must be distributed in accordance with the provisions of subsection (10)(f)(iii) and (10)(f)(iv).

(b) An active member of the reserve armed forces of the United States of America who is a resident of this state may be issued special license plates with a design or decal displaying the following: United States army reserve, AR (symbol); United States naval reserve, NR (anchor); United States air force reserve, AFR (symbol); and United States marine corps reserve, MCR (globe and anchor). The commanding officer of each armed forces reserve unit shall issue to each eligible member of the reserve unit a certificate authorizing the issuance of special license plates, numbered in sets of two with a different number on each set. The member shall surrender the plates to the department upon becoming ineligible to use them.

(c) (i) A resident of Montana who is a veteran of the armed forces of the United States and who is 100% disabled because of an injury that has been determined by the department of veterans affairs to be service-connected may, upon presentation to the department of proof of the 100% disability, be issued:

(B) one set of any other military-related plates that the disabled veteran is eligible to receive under this section.

(d) A Montana resident who is a veteran of the armed forces of the United States and was captured and held prisoner by a military force of a foreign nation, documented by the veteran's service record, may upon application and presentation of proof be issued special license plates, numbered in sets of two with a different number on each set, with a design or decal displaying the words "ex-prisoner of war" or an abbreviation that the department considers appropriate.

(i) Fees required under 61-3-321(1), ~~and (5), and (6)~~ may not be assessed upon one set of license plates issued to an ex-prisoner of war under this subsection (10)(d).

(ii) A special license plate fee may not be assessed upon one set of special license plates issued to an ex-prisoner of war under this subsection (10)(d).

(iii) An ex-prisoner of war is exempt from the light vehicle taxes imposed under 61-3-504 for one vehicle that displays a set of ex-prisoner of war license plates.

(iv) A surviving spouse of an ex-prisoner of war may retain the special license plates that have been issued to the ex-prisoner of war if the spouse complies with the provisions of 61-3-457.

**"61-8-732. Driving under influence of alcohol or drugs -- driving with excessive alcohol concentration -- assessment, education, and treatment required.** (1) In addition to the punishments provided in 61-8-714, 61-8-722, and 61-8-731, regardless of disposition, a defendant convicted of a violation of 61-8-401 or 61-8-406 shall complete:

(a) a chemical dependency assessment;

(b) a chemical dependency education course; and

(c) on a second or subsequent conviction for a violation of 61-8-401 or 61-8-406, except a fourth or subsequent conviction for which the defendant completes a residential alcohol treatment program under 61-8-731(2),

HOUSE JOURNAL  
SEVENTIETH LEGISLATIVE DAY - MARCH 28, 2001

or as required by subsection (8) of this section, chemical dependency treatment.

(2) The sentencing judge may, in the judge's discretion, require the defendant to complete the chemical dependency assessment prior to sentencing the defendant. If the assessment is not ordered or completed before sentencing, the judge shall order the chemical dependency assessment as part of the sentence.

(3) The chemical dependency assessment and the chemical dependency education course must be completed at a treatment program approved by the department of public health and human services and must be conducted by a certified chemical dependency counselor. The defendant may attend a treatment program of the defendant's choice as long as the treatment services are provided by a certified chemical dependency counselor. The defendant shall pay the cost of the assessment, the education course, and chemical dependency treatment.

(4) The assessment must describe the defendant's level of addiction, if any, and contain a recommendation as to education, treatment, or both. A defendant who disagrees with the initial assessment may, at the defendant's cost, obtain a second assessment provided by a certified chemical dependency counselor or a program approved by the department of public health and human services.

(5) The treatment provided to the defendant at a treatment program must be at a level appropriate to the defendant's alcohol or drug problem, or both, as determined by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services. Upon determination, the court shall order the defendant's appropriate level of treatment. If more than one counselor makes a determination as provided in this subsection, the court shall order an appropriate level of treatment based upon the determination of one of the counselors.

(6) Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a chemical dependency education course or treatment program. If the defendant fails to attend the education course or treatment program, the counselor shall notify the court of the failure.

(7) A court or counselor may not require attendance at a self-help program other than at an "open meeting", as that term is defined by the self-help program. A defendant may voluntarily participate in self-help programs.

(8) Chemical dependency treatment must be ordered for a first-time offender convicted of a violation of 61-8-401 or 61-8-406 upon a finding of chemical dependency made by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services.

(9) (a) On a second or subsequent conviction, the treatment program provided for in subsection (5) must be followed by monthly monitoring for a period of at least 1 year from the date of admission to the program.

(b) If a defendant fails to comply with the monitoring program imposed under subsection (9)(a), the court shall revoke the suspended sentence, if any, impose any remaining portion of the suspended sentence, and may include additional monthly monitoring for up to an additional 6 months.""

Financial reports and audits of local government entities -- exception.** (1) The governing body or managing or executive officer of a local government entity, other than a school district or associated cooperative, shall ensure that a financial report is made every year. A school district or associated cooperative shall comply with the provisions of 20-9-213. The financial report must cover the preceding fiscal year, be in a form prescribed by the department, and be completed within 6 months of the end of the reporting period. The local government entity shall submit the financial report to the department for review.

(2) The department shall prescribe a uniform reporting system for all local government entities subject to financial reporting requirements, other than school districts. The superintendent of public instruction shall prescribe the reporting requirements for school districts.

(3) (a) The governing body or managing or executive officer of each local government entity receiving revenue or financial assistance in the period covered by the financial report in excess of \$200,000 shall cause an audit to be made at least every 2 years. The audit must cover the entity's preceding 2 fiscal years. The audit must commence within 9 months from the close of the last fiscal year of the audit period. The audit must be completed and submitted to the department for review within 1 year from the close of the last fiscal year covered by the audit.

(b) The governing body or managing or executive officer of a local government entity that does not meet the criteria established in subsection (3)(a) shall at least once every 4 years, if directed by the department, or, in the case of a school district, if directed by the department at the request of the superintendent of public instruction, cause a financial review, as defined by department rule, to be conducted of the financial statements of the entity for the preceding fiscal year.

(4) An audit conducted in accordance with this part is in lieu of any financial or financial and compliance audit of an individual financial assistance program that a local government is required to conduct under any other state or federal law or regulation. If an audit conducted pursuant to this part provides a state agency with the information that it requires to carry out its responsibilities under state or federal law or regulation, the state agency shall rely upon and use that information to plan and conduct its own audits or reviews in order to avoid a duplication of effort.

(5) In addition to the audits required by this section, the department may at any time conduct or contract for a special audit or review of the affairs of any local government entity referred to in this part. The special audit or review must, to the extent practicable, build upon audits performed pursuant to this part.

(6) The fee for the special audit or review must be a charge based upon the costs incurred by the department in relation to the special audit or review. The audit fee must be paid by the local government entity to the state treasurer and must be deposited in the enterprise fund to the credit of the department.

**"75-2-211. Permits for construction, installation, alteration, or use.** (1) The board shall by rule provide for the issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(2) ~~Not~~ Except as provided in [section 1(4)(b)], not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

HOUSE JOURNAL  
SEVENTIETH LEGISLATIVE DAY - MARCH 28, 2001

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) ~~If Except as provided in [section 1(4)(b)],~~ if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application. The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department on request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(c) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall act on the permit application within the time period provided for in 75-2-215(3)(e).

(d) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) The department's decision on the application is not final unless 15 days have elapsed from the date of the decision and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.""

**"75-2-218. Permits for operation -- application completeness -- action by department -- application shield -- review by board.** (1) An application for an operating permit or renewal is not considered filed until the department has determined that it is complete. An application is complete if all fees required under 75-2-220 and all information and completed application forms required under 75-2-217 have been submitted. A complete application must contain all of the information required for the department to begin processing the application. If the department fails to notify the applicant in writing within 60 days after submittal of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed on the date of the department's receipt of the application. The department may request additional information after a completeness

determination has been made. The department shall adopt rules that contain criteria for use in determining both when an application is complete and when additional information is required after a completeness determination has been made.

(2) Except as provided in [section 1(4)(b)] and subsection (3) of this section, the department shall, consistent with the procedures established under 75-2-217, approve or disapprove a complete application for an operating permit or renewal and shall issue or deny the permit or renewal within 18 months after the date of filing. Failure of the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(3) The board may by rule provide for a transition schedule for both the submittal to the department of initial applications for operating permits by existing sources and action by the department on these initial permit applications. The board may require that one-third of all operating permit applications required for existing sources be submitted within the first calendar year after the adoption of rules implementing an operating permit program under 75-2-217. Any transition schedule for action by the department must ensure that all permit applications required under 75-2-217 and this subsection for existing sources will be acted upon by the department before November 15, 1997.

(4) If an applicant submits a timely and complete application for an operating permit, the applicant's failure to hold a valid operating permit is not a violation of 75-2-217. If an applicant submits a timely and complete application for an operating permit renewal, the expiration of the applicant's existing operating permit is not a violation of 75-2-217. The applicant shall continue to be subject to the terms and conditions of the expired operating permit until the operating permit is renewed and is subject to the application of 75-2-217. The applicant is not entitled to the protection of this subsection if the delay in final action by the department on the application results from the applicant's failure to submit in a timely manner information requested by the department to process the application.

(5) Except as provided in subsection (8), if the department approves or denies an application for an operating permit or the renewal, modification, or amendment of a permit under 75-2-217 and this section, any person that participated in the public comment process required under 75-2-217(7) may request a hearing before the board. The request for hearing must be filed within 30 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(6) Except as provided in subsection (8), the department's decision on any application is not final until 30 days have elapsed from the date of the decision and there is no request for a hearing under this section. The filing of a request for hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.

(7) The requirements of subsections (5) and (6) apply to any action initiated by the department to suspend, revoke, modify, or amend an operating permit issued under this section.

(8) The denial by the department of an application under 75-2-217 and this section is not subject to review by the board or judicial review if the basis for denial is the written objection of the appropriate federal agency acting pursuant to the federal Clean Air Act, 42 U.S.C. 7401, et seq.

(9) Compliance with an operating permit granted or renewed under 75-2-217 and this section is considered to be in compliance with the requirements of this chapter only if the permit expressly includes those requirements or an express determination that those requirements are not applicable. This subsection does not apply to general permits provided for under 75-2-217."

Under the provisions of this part and rules adopted by the board, an operator shall prepare and carry out a method of operation, plan of grading, backfilling, highwall reduction, subsidence stabilization, water control, topsoiling, and a reclamation plan for the area of land affected by the operation. In developing a method of operation and plans of backfilling, subsidence stabilization, water control, grading, highwall reduction, topsoiling, and reclamation, all measures ~~shall~~ must be taken to eliminate damages to landowners and members of the public, their real and personal property, public roads, streams, and all other public property from soil erosion, subsidence, landslides, water pollution, and hazards dangerous to life and property.

The department shall notify the applicant and all parties to the informal conference of its decision and the reasons ~~therefor~~ for its decision within 60 days of the informal conference. (10) In addition to the method of operation, grading, backfilling, subsidence stabilization, water control, highwall reduction, topsoiling, and reclamation requirements of this part and rules adopted under this part, the operator, consistent with the directives of subsection (1) of this section, shall:

(a) bury under adequate fill all toxic materials, shale, mineral, or any other material determined by the department to be acid producing, toxic, undesirable, or creating a hazard;

(b) as directed by rules seal off tunnels, shafts, or other openings or any breakthrough of water creating a hazard;

(c) impound, drain, or treat all runoff or underground mine waters so as to reduce soil erosion, damage to grazing and agricultural lands, and pollution of surface and subsurface waters;

(d) remove or bury all metal, lumber, and other refuse resulting from the operation;

(e) use explosives in connection with the operation only in accordance with department regulations designed to minimize noise, damage to adjacent lands, and water pollution and ensure public safety and for other purposes;

SEVENTIETH LEGISLATIVE DAY - MARCH 28, 2001

(f) adopt measures to prevent land subsidence unless the department approves a plan for inducing subsidence into an abandoned operation in a predictable and controlled manner with measures for grading, topsoiling, and revegetating the subsided land surface. In order for a controlled subsidence plan to be approved, the applicant ~~must~~ is required to show that subsidence will not cause a direct or indirect hazard to any public or private buildings, roads, facilities, or use areas, constitute a hazard to human life or health, or constitute a hazard to domestic livestock or to a viable agricultural operation, or violate any other restrictions the department may consider necessary.

(g) stockpile and protect from erosion all mining and processing wastes until these wastes can be disposed of according to the provisions of this part;

(h) deposit as much stockpiled waste material as possible back into the mine voids upon abandonment in ~~such~~ a manner as to prevent or minimize land subsidence. The remaining waste material ~~shall~~ must be disposed of as provided by this part and the rules of the board.

(i) seal all portals, entryways, drifts, shafts, or other openings between the surface and underground mine workings when no longer needed;

(j) to the extent possible using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values and achieve enhancement of ~~such~~ those resources where practicable;

(k) minimize the disturbances to the prevailing hydrologic balance at the mine site and in associated offsite areas and to the quality and quantity of water in surface water and ground water systems both during and after strip- or underground-coal-mining operations and during reclamation by:

(i) avoiding acid or other toxic mine drainage by such measures as, but not limited to:

(A) preventing or removing water from contact with toxic-producing deposits;

(B) treating drainage to reduce toxic content which adversely affects downstream water upon being released to water courses;

(C) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(ii) (A) conducting strip- or underground-mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, ~~but in no event shall~~ contributions may not be in excess of requirements set by applicable state or federal law;

(B) constructing any siltation structures pursuant to subsection (10)(k)(ii)(A) prior to commencement of strip- or underground-mining operations, ~~such with the~~ structures to be certified by a qualified registered engineer to be constructed as designed and as approved in the reclamation plan;

(iii) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized and depositing the silt and debris at a site and in a manner approved by the department;

(iv) restoring recharge capacity of the mined area to approximate premining conditions;

(v) avoiding channel deepening or enlargement in operations requiring the discharge of water from mines;

(vi) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country; and

(vii) ~~such~~ any other actions as the department may prescribe;

(l) conduct strip- or underground-mine operations in accordance with the approved coal conservation plan;

(m) stabilize and protect all surface areas, including spoil piles, to effectively control air pollution;

(n) seal all auger holes with an impervious and noncombustible material in order to prevent drainage except ~~where~~ when the department determines that the resulting impoundment of water in ~~such the~~ the auger holes may create a hazard to the environment or the public health and safety;

(o) develop contingency plans to prevent sustained combustion;

(p) refrain from construction of roads or other access ways up a streambed or drainage channel or in ~~such~~ the proximity to ~~such the~~ the channel so as to seriously alter the normal flow of water;

(q) meet ~~such~~ the other criteria as are necessary to achieve reclamation in accordance with the purposes of this

part, taking into consideration the physical, climatological, and other characteristics of the site;

(r) with regard to underground mines, eliminate fire hazards and otherwise eliminate conditions which constitute a hazard to health and safety of the public;

(s) locate openings for all new drift mines working acid-producing or iron-producing coal seams in such a manner as to prevent a gravity discharge of water from the mine.

(11) An operator may not throw, dump, pile, or permit the dumping, piling, or throwing or otherwise placing any overburden, stones, rocks, mineral, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which a bond has been posted under 82-4-223, as amended, or place the materials described in this section in such a way that normal erosion or slides brought about by natural physical causes will permit the materials to go beyond or outside of that area of land. An operator shall conduct the strip- or underground-mining operation in such a manner as to protect areas outside the permit area.""

**Insert: "Section 12.** Section 82-4-337, MCA, is amended to read:

**"82-4-337. Inspection -- issuance of operating permit -- modification, amendment, or revision.** (1) (a)

The department shall review all applications for operating permits for completeness within 60 days of receipt of the initial application and within 30 days of receipt of responses to notices of deficiencies. The initial completeness notice must note all deficiency issues, and the department may not in a later completeness notice raise an issue pertaining to the initial application that was not raised in the initial notice. The department may, however, raise any deficiency during the adequacy review pursuant to subsection (1)(b). The department shall notify the applicant concerning completeness as soon as possible. An application is considered complete unless the applicant is notified of any deficiencies within the appropriate review period.

(b) ~~Unless Except as provided in [section 1(4)(b)], unless~~ the review period is extended as provided in this section, the department shall review the adequacy of the proposed reclamation plan and plan of operation within 30 days of the determination that the application is complete or within 60 days of receipt of the application if the department does not notify the applicant of any deficiencies in the application. If the applicant is not notified of deficiencies or inadequacies in the proposed reclamation plan and plan of operation within the time period, the operating permit must be issued upon receipt of the bond as required in 82-4-338 and pursuant to the requirements of subsection (1)(c). The department shall promptly notify the applicant of the form and amount of bond that will be required.

(c) A permit may not be issued until:

(i) sufficient bond has been submitted pursuant to 82-4-338;

(ii) the information and certification have been submitted pursuant to 82-4-335(9); and

(iii) the department has found that permit issuance is not prohibited by 82-4-335(8) or 82-4-341(7).

(d) (i) Prior to issuance of a permit, the department shall inspect the site unless the department has failed to act on the application within the time prescribed in subsection (1)(b). If the site is not accessible because of extended adverse weather conditions, the department may extend the time period prescribed in subsection (1)(b) by not more than 180 days to allow inspection of the site and reasonable review. The department shall serve written notice of extension upon the applicant in person or by certified mail, and any extension is subject to appeal to the board in accordance with the Montana Administrative Procedure Act.

(ii) ~~If Except as provided in [section 1(4)(b)], if~~ the department determines that additional time is needed for analysis to determine whether a detailed environmental impact statement is necessary under 75-1-201, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 75 days to permit reasonable analysis. The applicant may by written waiver extend this period.

(iii) ~~If Except as provided in [section 1(4)(b)], if~~ the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 365 days in order to permit reasonable review. The applicant may by written waiver extend this time period.

(iv) If the department decides to hire a third-party contractor to prepare an environmental impact statement

HOUSE JOURNAL  
SEVENTIETH LEGISLATIVE DAY - MARCH 28, 2001

on the application, the department shall prepare a list of no fewer than four contractors acceptable to the department and shall provide the applicant with a copy of the list. The applicant shall provide the department with a list of at least 50% of the contractors from the department's list. The department shall select its contractor from the list provided by the applicant.

(v) Failure of the department to act upon a complete application within the extension period constitutes approval of the application, and the permit must be issued promptly upon receipt of the bond as required in 82-4-338.

(2) The operating permit must be granted for the period required to complete the operation and is valid until the operation authorized by the permit is completed or abandoned unless the permit is suspended or revoked by the department as provided in this part.

(3) The operating permit must provide that the reclamation plan may be modified by the department, upon proper application of the permittee or after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

(a) to modify the requirements so that they will not conflict with existing laws;

(b) when the previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) when significant environmental problem situations are revealed by field inspection.

(4) During the term of an operating permit, an operator may apply for an amendment or revision to the permit. The operator may not apply for an amendment to delete disturbed acreage from the permit.

(5) Applications for major amendments must be processed in the same manner as applications for new permits.

(6) Major amendments are those that may significantly affect the environment. Minor amendments are those that will not significantly affect the environment. The board may by rule establish criteria for classification of amendments as major or minor. The rules must establish requirements for the content of applications for amendments and revisions and procedures for processing of minor amendments.

(7) If the department demonstrates that a revision may result in a significant environmental impact that was not previously and substantially evaluated in an environmental impact statement, the application must be processed in the same manner as is provided for new permits. Applications Except as provided in [section 1(4)(b)], applications for minor amendments and other revisions must be processed within 30 days of receipt of an application.""

**Insert: "Section 13.** Section 82-4-432, MCA, is amended to read:

**"82-4-432. Application for permit -- contents -- issuance -- amendment.** (1) Applications for a permit must be made upon a form furnished by the department. The form must contain the following:

(a) the name of the operator and, if other than the owner of the land, the name and address of the owner;

(b) the type of operation to be conducted;

(c) the volume of earth to be removed, as accurately as the volume may then be estimated, and the volume that has been previously removed, if any;

(d) the location of the operation by legal subdivision, section, township and range, and county;

(e) the date when the operation was or will be commenced; and

(f) a statement that the applicant has the right and power by legal estate owned to mine by opencut mining the lands described.

(2) The application must be accompanied by:

(a) a bond or security meeting the requirements as set out in this part;

(b) a fee of \$50 for an application to mine bentonite, clay, scoria, sand, or gravel;

(c) a statement from the local governing body having jurisdiction over the area to be mined certifying that a proposed sand and gravel opencut mine and its operating and reclamation plans comply with applicable local zoning regulations adopted under Title 76, chapter 2; and

(d) the operator's plan of operation and a complete reclamation plan.

(3) If, prior to applying for a permit, a person notifies the department of the intention to submit an application and requests the department to examine the area to be mined, the department shall cause the area to be examined and make recommendations to the person regarding reclamation. The person may request a meeting with the department.

HOUSE JOURNAL  
SEVENTIETH LEGISLATIVE DAY - MARCH 28, 2001

The department shall hold a meeting if requested.

(4) ~~Upon~~ Except as provided in [section 1(4)(b)], upon receipt of a complete application containing all items listed in subsections (1) and (2), the department shall, within 30 days, notify the person if it has approved or denied the application. The department may for sufficient cause extend its period of review for an additional 30 days if it notifies the person of the extension prior to the end of the original 30-day period. Upon approval of the application, the department shall issue a permit to the operator that entitles the operator to continue or engage in opencut mining on the land described in the application.

(5) An operator desiring to have a permit amended to cover additional contiguous or nearby land may file an amended application with the department. Upon receipt of the amended application and any additional bond as may be required and upon agreement to the terms of the amendment by the parties, the department may issue an amendment to the original permit covering the additional land described in the amended application without the payment of any additional fee.

(6) An operator may withdraw any land covered by a permit, except affected land, by notifying the department of the withdrawal, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of this part must be reduced proportionately.""

HOUSE JOURNAL  
SEVENTY-FIRST LEGISLATIVE DAY - MARCH 29, 2001

(ii) The trustees of a district whose general fund budget was above the maximum general fund budget established by Chapter 38, Special Laws of November 1993, and whose general fund budget has continued to exceed the district's maximum general fund budget in each school fiscal year after school fiscal year 1993 may continue to adopt a general fund budget that exceeds the maximum general fund budget. However, the budget adopted for the current year may not exceed the lesser of:

(A) the adopted budget for the previous year; or

(B) the district's maximum general fund budget for the current year plus the over maximum budget amount adopted for the previous year.

(b) The trustees of the district shall submit a proposition to raise any general fund budget amount that is in excess of the maximum general fund budget for the district to the electors who are qualified under 20-20-301 to vote on the proposition, as provided in 20-9-353.

(c) By February 1 of each year, the superintendent of public instruction shall compute:

(i) the statewide weighted average of maximum general fund budgets per ANB for elementary programs for the previous year; and

(ii) the statewide weighted average of maximum general fund budgets per ANB for high school programs for the previous year.

(d) By March 1 of each school year, the superintendent of public instruction shall notify each school district of the amounts calculated in subsection (3)(c).

(e) The trustees of any district that has a maximum general fund budget per ANB for its elementary or high school program that is less than the statewide weighted average calculated in subsection (3)(c) may, subject to voter approval under subsection (3)(b), adopt a general fund budget for the district equal to the sum of:

(i) the ANB of the elementary program for the current year multiplied by the statewide weighted average for the elementary program; and

(ii) the ANB of the high school program for the current year multiplied by the statewide weighted average for the high school program.

(4) The BASE budget for the district must be financed by the following sources of revenue:

(a) state equalization aid as provided in 20-9-343, including any guaranteed tax base aid for which the district may be eligible, as provided in 20-9-366 through 20-9-369;

(b) county equalization aid, as provided in 20-9-331 and 20-9-333;

The Honorable Tom Beck  
President of the Senate  
State Capitol  
Helena, Montana 59620

Dear Speaker McGee and President Beck:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments House Bill 399, **"AN ACT GENERALLY REVISING LIQUOR LICENSING LAWS; PROVIDING FOR THE DEPOSIT OF LIQUOR LICENSE FEES AND PERMIT FEES INTO THE DEPARTMENT OF REVENUE'S LIQUOR ENTERPRISE FUND; CHANGING THE METHOD FOR DETERMINING WHEN THE DEPARTMENT OF REVENUE SHALL PUBLISH NOTICE OF APPLICATION FOR LIQUOR LICENSE TO WHEN THE APPLICATION IS COMPLETE RATHER THAN 30 DAYS AFTER AN INVESTIGATION IS REQUESTED; AMENDING SECTIONS 15-1-501, 16-2-108, 16-4-207, AND 16-4-401, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE"** for the following reasons.

I have no concerns with the objectives of HB 399, nor with its specific measures. I do, however, have a technical concern regarding the effective date provided for in the legislation. I recommend that an applicability date section be added to the bill to clarify that Sections 1 and 2 apply to fees collected after June 30, 2001. I have attached my amendment to that effect.

Sections 1 and 2 of the bill alter the manner in which revenues from liquor license and permit fees are currently deposited and expended. Both the appropriations and the revenue estimates for the current year are, however, structured on existing law (i.e., HB 2 and the revenue estimates for the 2001 biennium). Consequently, any alteration of that revenue flow prior to the end of the 2001 biennium will be in conflict with that existing law. Adding a section establishing an applicability date for Sections 1 and 2 at the beginning of the 2003 biennium will avoid that conflict.

Senator McKenney, the sponsor of the bill, is aware of and agrees with this recommended amendment.

Sincerely,

Speaker of the House  
State Capitol

The Honorable Tom Beck  
President of the Senate  
State Capitol  
Helena, Montana 59620

Dear Speaker McGee and President Beck:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby veto House Bill 524, "**AN ACT INCREASING THE SPECIAL JUNK VEHICLE DISPOSAL FEE FROM 50 CENTS TO 65 CENTS; PROVIDING THAT 15 CENTS OF THE SPECIAL JUNK VEHICLE DISPOSAL FEE BE USED FOR THE EXCLUSIVE PURPOSE OF REIMBURSING THE HIRED REMOVAL OF ABANDONED VEHICLES; PROVIDING AN APPROPRIATION; AMENDING SECTIONS 61-3-508 AND 75-10-532, MCA; AND PROVIDING AN EFFECTIVE DATE**" for the following reasons.

House Bill 524 provides for a \$.15 increase in the current additional junk vehicle disposal fee under § 61-3-508, MCA. Under HB 524, that increase is earmarked exclusively for the purpose of reimbursing the hired removal of abandoned vehicles. I have also received Senate Bill 168, however, which involves an increase in the same junk vehicle fee. Senate Bill 168 was requested by the Department of Environmental Quality and contemplates a broader increase in the special junk vehicle disposal fee and additional junk vehicle disposal fee under § 61-3-508, MCA, as well as the licensing fee for vehicle wrecking facilities/graveyards under § 75-10-511, MCA.

HOUSE JOURNAL  
SEVENTY-SECOND LEGISLATIVE DAY - MARCH 30, 2001

The fee increases contemplated by SB 168 are intended to address the need to adequately support the Department's junk vehicle program budget, which has been adversely affected by a declining international market for scrap steel. Under the coordination language in HB 524, however, its \$.15 increase would be added to the increases already contemplated by SB 168. While I do not agree with the need to add the fee increase contemplated in HB 524 to the fee increases contemplated by SB 168, I have met with the proponents of HB 524 to discuss the coordination of these two pieces of legislation. In light of that meeting, I am separately submitting to you an amendatory recommendation on SB 168 that includes the specific earmarking component of HB 524, without the additional \$.15 fee increase.

Accordingly, I hereby veto HB 524.

Sincerely,

JUDY MARTZ  
Governor

President of the Senate

The Honorable Dan McGee  
Speaker of the House  
State Capitol  
Helena, Montana 59620

Dear President Beck and Speaker McGee:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments Senate Bill 168, **"AN ACT INCREASING THE JUNK VEHICLE DISPOSAL FEES ON PASSENGER CARS AND TRUCKS UNDER 8,001 POUNDS; INCREASING THE ANNUAL LICENSE FEE FOR MOTOR VEHICLE WRECKING FACILITIES; PROVIDING SUPPLEMENTAL REVENUE TO THE STATE MOTOR VEHICLE RECYCLING AND DISPOSAL PROGRAM TO OFFSET REVENUE LOSSES; AMENDING SECTIONS 61-3-508 AND 75-10-511, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE"** for the following reasons.

I have no concerns with the objectives of SB 168, nor with its specific measures. As outlined in my separate letter concerning my veto of HB 524, however, I recommend adding a provision to SB 168 that specifically earmarks \$.15 of the special junk vehicle disposal fee for the reimbursement of hired removal of abandoned vehicles. I have enclosed my amendment to that effect.

As indicated in my separate letter, I have vetoed HB 524 in light of its coordinative effect on SB 168, which would have added \$.15 cents to the fee increases already contemplated by SB 168. After meeting with the proponents of HB 524, however, I have also decided to recommend an amendment to SB 168 that embodies the "earmarking" component of HB 524, but within the parameters of the fee increase already contemplated in SB 168.

HOUSE JOURNAL  
SEVENTY-SECOND LEGISLATIVE DAY - MARCH 30, 2001

Senator Stonington, the sponsor of SB 168, has been advised of my amendatory recommendation and has no objections.

HOUSE JOURNAL  
SEVENTY-SECOND LEGISLATIVE DAY - MARCH 30, 2001

Dear Speaker McGee and President Beck:

I do not have significant concerns with Section 1 of HB 500, which revises the method by which the Department of Labor and Industry computes the standard prevailing rate of wages. I do, however, have concerns with portions of Sections 2 and 3 of the bill, which modify existing law regarding the posting of wage and fringe benefit information on job sites and the provisions required in public works contracts and bid specifications under Title 18, Chapter 2, MCA. I recommend deleting the current language in Section 2 that requires the contracting agency to be "responsible for ensuring" the posting and maintenance of the required wage scale. I also recommend that Section 3 be amended to reflect a requirement that contracts and bid specifications contain (1) express notice of the posting requirement and (2) express notice of the requirement that contractors and employers maintain necessary payroll records. I have attached my amendments to that effect.

Section 2 of the bill modifies existing law [§ 18-2-406, MCA], which already requires that a statement of all prevailing wages be posted on the job site. Under the bill, § 18-2-406, MCA would now require a "contracting agency" to be "responsible for ensuring" that the required statement:

- be posted in a prominent and accessible site on the project or staging area; and
- that such statement be posted not later than the first day of work and continuing for the entire duration of the project.

I believe that such a requirement reflects unsound public policy and creates, at best, a vague enforcement standard in terms of what it means for a "contracting agency" to be "responsible for ensuring" that a particular document is appropriately posted.

Under present law, contractors are already responsible for complying with the posting requirements under § 18-2-406, MCA. Under present law, contractors already face penalties if they do not "ensure" their own compliance with that posting requirement. See § 18-2-432, MCA. With that in mind, I do not believe that imposing a vague enforcement standard on state and local governmental entities will accomplish any meaningful objective. Rather, it will simply raise potential issues as to when an agency, a county or a school district fails to fulfill its "responsibility" for "ensuring" that a certain document be posted in a certain place and for a certain duration of time.

A better policy is to expressly place all contractors and employers on notice of the posting requirements at the outset of the public contracting process, i.e., in the contract documents and bid specifications. If they fail to comply with those requirements after being expressly placed on notice of them, they will face penalties under existing law. Accordingly, I recommend that a new provision be inserted in Section 3, which would require such notice.

I also recommend that the provision in Section 3 concerning the requirement for a contract provision requiring the agency to notify each contractor and employer of the requirement to maintain certified payroll records be modified. In its current form, the bill would require the contracting agency to place a provision in its own contract requiring itself to notify the contractor of the payroll record retention requirement. If the objective here is to ensure that contractors are placed on notice of the record retention requirement, that objective can be accomplished by simply requiring such notice in the contract documents and bid specifications. It is redundant to require an agency to insert a contract provision requiring itself to give the notice. Accordingly, I recommend that this provision be modified to simply require notice to the contractor of this requirement in the contract documents and the bid specifications.

Finally, I also recommend a slight amendment to the language concerning "certified" payroll records. I do not believe that it is necessary to require all public contractors to maintain "certified" payroll records at all times. Rather, the law simply requires that, in the event a dispute arises, a contractor be in a position to submit "certified" copies to the

HOUSE JOURNAL  
SEVENTY-SECOND LEGISLATIVE DAY - MARCH 30, 2001

Department of Labor and Industry. See § 18-2-423, MCA. In the many instances where no disputes ever arise, there is simply no need for government to impose a requirement that payroll records in the possession of a contractor actually be "certified." By requiring that contractors be in a position to produce "certified" records if and when necessary, the objectives of our existing law will still be appropriately met.

Sincerely,

JUDY MARTZ

~~(b) petition the commission to delay the public utility's transition plan filing until July 1, 2004.~~

**MESSAGES FROM THE GOVERNOR**

April 5, 2001

The Honorable Dan McGee  
Speaker of the House  
State Capitol  
Helena, Montana 59620

Dear Representative McGee:

Please be informed that I have signed **House Bill 292** sponsored by Representative Fuchs, **House Bill 439** sponsored by Representative Jacobson, **House Bill 519** sponsored by Representative Forrester et al., **House Bill 548** sponsored by Representative Jayne et al., **House Bill 551** sponsored by Representative Forrester, and **House Bill 579** sponsored

HOUSE JOURNAL  
SEVENTY-EIGHTH LEGISLATIVE DAY - APRIL 6, 2001

by Representative Juneau on April 5, 2001.

Sincerely,

JUDY MARTZ  
Governor

April 5, 2001

The Honorable Dan McGee  
Speaker of the House  
State Capitol  
Helena, Montana 59620

The Honorable Tom Beck  
President of the Senate  
State Capitol  
Helena, Montana 59620

Dear Speaker McGee and President Beck:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments House Bill 47, **"AN ACT GENERALLY REVISING THE LAWS GOVERNING STATE INVESTMENTS; REMOVING THE REQUIREMENT THAT STATE BANK EXAMINERS EXAMINE LOANS AND INVESTMENTS; INCREASING THE MAXIMUM LOAN FOR IN-STATE INVESTMENTS; REQUIRING COMMERCIAL LENDER PARTICIPATION FOR CERTAIN INVESTMENTS; ELIMINATING RESTRICTIONS ON MAXIMUM LOAN SIZES FOR PURPOSES OF JOB CREDIT INTEREST RATE REDUCTIONS; AMENDING SECTIONS 17-5-1529, 17-6-311, 17-6-312, 17-6-318, AND 17-6-321, MCA; AND PROVIDING AN EFFECTIVE DATE"** for the following reasons.

I am in full agreement with the objectives of HB 47 and with its specific measures. I recommend, however, the effective date of the statute be changed from July 1, 2001 to immediate. I have attached my amendment to that effect.

As you know, HB 47 expands the existing limitation on the size of investments made in any one business enterprise from the permanent coal tax trust fund from 1% to 10% of the permanent fund. As it presently stands, however, that expansion will not become effective until July 1, 2001.

In the interest of enhancing the effectiveness of this economic development measure, and to make it available as quickly as possible, I recommend that the bill be amended to provide for an immediate effective date.

Representative Price, the sponsor of the bill, is aware of and agrees with my recommendation.

Sincerely,

JUDY MARTZ  
Governor
